

Aspire

- Our students will progress year on year throughout their primary school education.
- Our individual gifts and talents are valued and developed.
- Our people will develop the personal and social attributes that are expected in our community.
- Our culture will have positive impacts beyond our school community.

Act

- Provide students with opportunities to explore, learn and create.
- Build an understanding and respect for local Indigenous culture.
- Provide excellence in teaching and learning in every classroom.
- Develop the capabilities of our people.
- Connect with our families and community to increase student outcomes.

Achieve

- Staff have a highly developed understanding of self and work to improve their craft.
- Staff work together to provide quality education, drawing on expertise and experience.
- Students meet their learning potential.
- Students are engaged in the learning process.
- Community are confident in the education we are providing.

OUR PLAN

2021-2023

Our Plan sets out the direction for the next three years. We will continue to develop our people and our connections with community to provide the very best education for our students.

Cultural Understanding and Awareness

- Staff have a shared understanding of significant local indigenous sites and connections to culture
- Community education of local indigenous sites and culture
- Staff teach students about local sites and school connections to culture.

Relationships

- We promote strong communication practises with families to connect with families about current learning and student outcomes
- We promote parent involvement through intentional roles which support classroom learning

Strategic Intentions

We will provide a safe and supportive environment that fosters respect and acceptance for all. Through excellence in teaching, students are encouraged to confidently embrace challenges and become resilient life-long learners.

Critical and Creative Thinking

- Staff will have a shared understanding of critical and creative thinking
- Elements of critical and creative thinking will be utilised in every classroom every day
- We have a consistent approach across the whole school to play and investigations both inside and outside the classroom to support student learning

Gifted and Talented

- We will engage individual students gifts and promote their talents in all areas

Pedagogy and Practice

- An established professional development sequence for all staff
- Teachers use a set of lesson design across all learning areas
- Impact coaches working with teachers to improve their effectiveness in whole school priority areas
- We promote academic rigour and high-quality teaching practises across K to 2
- There is consistency and fidelity in implementing whole school approaches to positive classroom management strategies

Leadership

- Build the capacity of leaders in the school and in our system.

Literacy and Numeracy

- All K-6 teachers collaboratively, consistently and confidently planning, teaching and assessing utilising school selected programs in reading, writing spelling and phonics.
- We will have a whole school approach to the development of Math Proficiencies of all students

Technology

- We will enhance student creativity, problem-solving, self-direction and collaboration skills.

Health and Physical Education

- We will establish a daily fitness FMS program.
- We will establish a sustainable weekly running club.

The Arts

- Students, staff and community members are given opportunities to participate in and celebrate music.
- Fully subscribed, gender balanced, performance based choirs.
- All students have the opportunity to play a variety of tuned instruments by the end of primary school.
- Authentic opportunities and purpose for music rehearsals and performances.

Student Services

- We will plan and support students' needs with best practice strategies
- We will upskill our work force with technical knowledge
