Our Board

2021

Our board works with the school community to achieve the best outcomes for students. It plays an important role in contributing to good school governance so that school resources are used efficiently, and community expectations and the school's priorities reflect the needs of students.

The functions of our board is covered by legislation and include both approval and advisory roles. Some of the matters our board may make decisions on include fees and charges, book lists, sponsorship and dress codes. Our board makes these decisions with the principal and others who ensure the decisions adhere to legislative and policy requirements.

Our Principals may also seek the advice of our board to inform themselves before making management decisions. Board members have the right to understand the principals' decisions (except where they involve confidential information.) The board does not intervene in the control or management of the school. This is the role of the principal.

To contact our board, you can email the chair at boardchair@deanmoreps.wa.edu.au.

Jacquie Cooper

Principal

As Principal at Deanmore Primary School I am privileged to work with our school board to celebrate the work of our staff, students and community. I look forward to continuing our journey insuring our students are provided with opportunities to learn, create and discover.

Pippa Sweet

Board Chair

I have two children at Deanmore with a third bub at home. I have been a teacher for the last 20 years with a focus on children with special needs and have completed a Bachelor and Master's of Education. I believe that all children should be celebrated for their individual strengths while given every opportunity to discover strengths they have yet to develop.
